

SAI KRISHNA POULTRY EQUIPMENTS

Automatic Pan Feeding System

Patent Pending

Innopan

- Innovative grill less pan design for bird safety.
- Low pan height enables easy feed access to the bird from start to end.
- There are six feed level adjustments which provide the feed in correct portions as the chick grows.
- The special design of the pan lip minimizes feed wastage.
- The Open Pan design allows the bird to consume feed with ease.

Specifications

Pan Diameter	330 mm
